The California Department of Corrections and Rehabilitation (CDCR) is releasing this Request for Proposal (RFP) to solicit bids for 4,350 Female Rehabilitative Community Correctional Center (FRCCC) beds. This expansion will be accomplished in two phases: 2,350 will be activated in Fiscal Year (FY) 2007/08 and 2,000 in FY 2008/09. These beds will be located in various locations throughout California. The FRCCC's will provide housing, sustenance, and gender-responsive programs and services for non-serious, non-violent female offenders.

Gender-responsive services to be provided at the FRCCC's include, but are not limited to, substance abuse treatment and education, skill building, medical, dental and mental health services, recreational activities, relapse prevention, sober living skills, 12-step meetings, educational and vocational services, completion of GED, parenting, community linkages, continuing care planning, and job readiness. Individual, group and family counseling will also be provided. All of these services are to be trauma-informed, family focused and culturally competent.

It is the intent of CDCR to award contracts for FRCCC's demographically, based on the number of female offenders currently incarcerated for non-serious/non-violent offenses; the counties from which they were committed and the counties to which they will be returning upon parole.

Pursuant to Public Contract Code Section 10340, "Public Entities" are exempt from this bidding process.

Public entities and/or agencies interested in providing contracted services as outlined in this RFP shall be required to submit a written letter of interest together with a complete proposal no later than the RFP formal submission date, consistent with the applicable RFP requirements to the following address:

California Department of Corrections and Rehabilitation  
Female Offender Programs and Services  
P. O. Box 942883, Room 344-N  
Sacramento, CA 94283-0001

Attention: Associate Director, FOPS

While a public entity proposal is exempt from the bidding process, CDCR will review and evaluate the submitted proposal for compliance with the applicable RFP requirements in the same manner as private bid proposals.

Disabled Veteran Business Enterprise (DVBE) program requirements are applicable.
